**Class of 30 Confirmed at St. Andrew's Church**

Thirty new members of the St. Andrew's Episcopal Church were recently confirmed by Rt. Rev. Donald J. Campbell, suffragan bishop of Los Angeles. The class was presented by Rev. Arthur E. Bello, rector of the parish. This was the second large class to be presented for confirmation this year at St. Andrew's, Rev. Bello said.

**100-Voice Choir To Give Voice To 'Messiah'**

(Continued from Page 1)  
Dr. Christian radio dramas and wife of Board of Education President Judge John A. Shidler, will read the ever-popular "Why the Chimes Rang."

Vernon Robinson, director of music at the Torrance First Methodist Church, will be the guest conductor during "The Messiah" presentations. Nadine Nicks, mezzo soprano and Norma Lovrick, soprano, will sing solos as part of the "Messiah" number. Children of the fourth and fifth grades in the various Torrance elementary schools will present the charming children's story, "Hansel and Gretel." Rounding out the program of traditionally fine music, will be a number by Harold Dunn, violinist, and Janet Leigh-Taylor, harpist, who will play "Ave Maria." "The Messiah" chorus is the result of a community effort spearheaded by the Torrance Adult Education Chorus under the direction of Harold Dunn. Decorations for the program were through arrangement with the Torrance Lions Club, the National Supply Company and the Potte's Local 218. Assisting in the art work was Evangeline Morris, Gertrude Powell, Eddie Alvarez and Shirley Kilgore.

It's oilskin time again...and telephone repairmen all over the West are ready to keep your calls moving.

**THEY ROLL OUT WHEN STORMS ROLL IN**  
How we prepare today to protect your service tomorrow

1. Old Man Winter can be mighty tough on telephone lines...with floods in the cities and valleys and snow piled high in the Sierra and the Cascades. We can't tell where trouble may strike next. So we're always ready to pull trained crews from non-emergency jobs and send them on their way in special trucks and other equipment—like this "snow-car"—to repair any break, wherever it happens.

2. Helicopters have been used sometimes to patrol snowbound lines and speed crews to a repair job. But even before they get there, calls have been re-routed to get your message through with as little delay as possible. For modern communications demands teamwork among all telephone people... people who know theirs are important jobs, particularly in these critical days for our nation.
